National Truck Driver Appreciation Week September 10-16, 2017

This year National Truck Driver Appreciation Week will be celebrated September 10th-16th across this great nation. On behalf of the company, I would like to express that we at Medallion Transport Holdings, Inc. celebrates its drivers every day. Whether you are a driver or an owner-operator pulling flatbed, dry van or over dimensional loads, we recognize just how important you are! You, the professional driver, are one of our most important customers. Your dedication and commitment to safety and service continues to make us one of the safest trucking companies on the roadways.

“Thank a trucker” is one of many taglines I use every day no matter where I am. When I’m at a store and the clerk says, “Did you find everything you needed?” I’m quick to reply, “Yes I did, make sure you thank a trucker!” If it weren’t for you, every day essentials wouldn’t be readily available where we need or expect them to be.

On behalf of the entire organization, THANK YOU! We realize your profession is one of the most difficult and dangerous jobs out there and we truly appreciate everything that you do. Stop by and see us whenever you are near. We’d love to have a meal with you and get to know you better! Until then, Drive Safe!

Sincerely from Your VP of Safety,
Melissa Phillips

Need to File Your 2290?

Don’t spend hours waiting in line to get this done! Consider filing online and get your stamped Schedule 1 within minutes!

Medallion and Express Truck Tax have teamed up to create an awesome combination of price, value and service geared towards simplifying Form 2290.

Visit: www.Medallion2290.com

E-filing with Express Truck Tax gets your heavy vehicle use tax out of the way and your stamped Schedule 1 will be automatically sent to your inbox and the carrier.

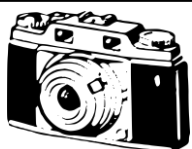

How easy is that?

Dash Cams Are For Your Protection!

All leased vehicles are issued a dash cam.

These are forward mounted devices. No GPS pinging and in-cab recording is optional by you. Don’t wait until it’s too late! The dash cam defends not-at-fault liability and most importantly YOU!

Take some pics of your equipment and loads. We’d love to add them to the website!

UTBA Insurance Programs

UTBA (Universal Trucking Benefits Association) can help you find the right coverage.

Limited Benefit Medical Insurance, Life, Disability, Dental, Vision & Individual Major Medical.

Check out the info in your driver packet or contact Safety for more information.
