Safety Bulletin

October 2018

Remember to G.O.A.L.

G.O.A.L.? **Get Out And Look!** Backing is the most frequent, preventable type of accident. Always get out and look before backing. Don't rely just on your mirrors as many smaller vehicles and objects may be in your way. Don't take a chance and end up with a headache and deductible responsibility. Check, check and check before you begin your move. Your safety and the protection of people and property are extremely important! Remember, you are the professional.

Attention: Safety Alert!!

Monitor the air pressure on your tractor and trailer tires to ensure proper inflation. Especially check your STEER TIRES! A tread depth gauge is part of all new truck packages. Already on with us and need one? Please contact: driverservices@medalliontrans.com and we will get one to you A.S.A.P. Drive Safe Everyone!

Haz-Mat Reminder

Please note hazardous material loads are not permitted unless they have been reviewed and pre-approved by a corporate representative. We must perform a full verification of the paperwork prior to any acceptance. Also, not all entities have this registration so please call Safety before you commit to a haz-mat load. (Even if you are endorsed, you are not permitted until trained and approved.) Thank you for your cooperation and understanding. We appreciate you.

Trick-or-Treat Happy Halloween to All!

Send us a pic of your furry friend(s) decked out in its Halloween costume and we'll send you a treat!

Overhead Objects

It's not just what's in front of you; objects are all around you. If you are ever in doubt of low hanging tree limbs, signs or any other overhead structures stop and assess the situation! By triple checking you will not only protect the property around you but you will also save yourself hours of downtime. Look up, down & all round Stay Safe!

One of Medallion's Newest Family Members

Mr. Jimmy Evans recently joined the Medallion team and sent us a pic of his first load. Nice! Keep the pics coming in everyone! We are proud of all of you and want to post your pictures too!

Your Fuel Discounts Really Add Up – Check It Out!

By using your ComData card at TA/Petro and Pilot/Flying J Travel Centers *your average fuel discount in September was "\$0.36"!* Nice!

Data Q Challenges Successful Because of You!

We thank you for notifying us and sending in your roadside inspections ASAP! We have been able to successfully remove/reduce CSA points on both you and the company with aggressive challenges. Please continue to send us the good, bad and ugly and we will always look for ways to fight these for you. Thanks for your continued cooperation!

D.V.I.R.s – Important Must Haves

D.V.I.R.s are extremely important pieces of required documentation that coincides with your logs and roadside inspections. You are required by FMCSA to complete these listing all found/noted defects throughout your day. Remember to complete these as required. Thank you for your compliance!
